

Atlantic City Electric Internship Students Program 2026

Description

Atlantic City Electric is thrilled to offer internship opportunities as part of our Students Program for the year 2026. This internship program is designed to provide students with valuable hands-on experience in the energy sector, fostering professional growth and preparing them for future career opportunities within our dynamic organization.

Responsibilities

- Support the daily operations of various departments, including but not limited to engineering, customer service, and environmental compliance.
- Assist in the implementation of projects related to energy efficiency, sustainability, and grid reliability.
- Collaborate with cross-functional teams to contribute to ongoing initiatives.
- Conduct research, analyze data, and prepare reports to support decision-making processes.
- Engage in training sessions and workshops to enhance industry knowledge.
- Contribute to the development and improvement of company processes.

Qualifications

- Currently enrolled in an accredited college or university program.
- Pursuing a degree in engineering, environmental science, business, or a related field.
- Strong academic record.
- Excellent communication and interpersonal skills.
- Demonstrated interest in the energy industry and environmental sustainability

Experience

Previous internship experience is advantageous but not mandatory.

Skills

- Analytical Skills: Ability to analyze data and provide meaningful insights.
- Communication: Effective verbal and written communication skills.
- Teamwork: Ability to work collaboratively in a diverse and dynamic environment.
- Initiative: Proactive approach to problem-solving and project contributions.
- Technical Proficiency: Familiarity with Microsoft Office Suite and other relevant tools.

Job Benefits

- Hands-on experience in the energy industry.
- Mentorship and guidance from industry professionals.
- Networking opportunities with Atlantic City Electric employees.
