Economic Studies Summer 2026 Internship Program For Graduate

Description

In the bustling city of Abu Dhabi, a beacon of knowledge and innovation shines brightly – the Arab Center for Consultancy & Economic Studies. Nestled amidst the towering skyscrapers and pristine landscapes, this esteemed institution stands as a testament to the region's unwavering commitment to economic advancement. Join us on a journey to explore the realm of expertise and opportunity that awaits within the walls of this extraordinary center.

Responsibilities

1. Analyzing Economic Trends: Embark on a captivating voyage through economic landscapes as you delve into the intricacies of analyzing market trends, identifying patterns, and offering comprehensive economic insights to clients.
2. Research and Strategy Development: Unleash your intellectual prowess as you conduct meticulous research, gather data, and develop strategies that empower businesses and governments to make informed decisions and drive sustainable growth.
3. Consultation and Advisory Services: Collaborate with esteemed professionals, both domestically and internationally, to provide cutting-edge consultancy and advisory services, helping organizations navigate complex economic challenges with finesse.

Qualifications

1. Academic Brilliance: A proven track record of academic excellence in Economics, Finance, or a related field is essential.
2. Analytical Acumen: Demonstrated ability to interpret and analyze economic data, recognizing trends and patterns that inform decision-making processes.
3. Strong Communication Skills: Adept at articulating complex economic concepts in a concise and engaging manner, both orally and in written form.
4. Research Proficiency: Profound research skills, including data gathering, statistical analysis, and the ability to draw meaningful conclusions from diverse sources.
5. Multicultural Competence: Valuing diversity, embracing cultural differences, and fostering an inclusive environment is of utmost importance.

Experience

1. Proven Expertise: A minimum of 3 years of experience in economic research, consultancy, or a related field is highly desirable.
2. Collaborative Endeavors: Demonstrated ability to work effectively within multidisciplinary teams, engaging in collaborative problem-solving and fostering a spirit of innovation.
3. Project Management: Experience in managing and executing economic research projects, adhering to timelines and delivering high-quality results.
