EPA Internship Graduates Students Program 2026

Description

The Environmental Protection Agency (EPA) is delighted to announce the Graduate Internship Program for 2026, providing an exciting opportunity for graduate students to contribute to environmental stewardship and sustainability. As a Graduate Intern at the EPA, you will be part of impactful projects, collaborate with environmental experts, and work towards advancing environmental goals.

Responsibilities

- **Environmental Research:** Conduct research on environmental issues to contribute valuable insights.
- **Policy Analysis:** Assist in analyzing and interpreting environmental policies and regulations.
- **Project Support:** Collaborate with teams on projects aimed at environmental protection and conservation.
- **Data Management:** Assist in the collection, analysis, and interpretation of environmental data.
- **Report Writing:** Contribute to the preparation of reports on environmental research and findings.

Qualifications

- Currently enrolled in a graduate program in Environmental Science, Environmental Policy, or a related field.
- Strong academic performance and a passion for environmental sustainability.
- Excellent communication and research skills.
- Knowledge of environmental regulations and policies.
- Ability to work collaboratively in a multidisciplinary environment.

Experience

While prior experience in environmental research or policy is beneficial, the EPA encourages applications from graduate students dedicated to environmental advocacy.

Skills

- **Research Skills:** Proficiency in conducting environmental research.
- **Analytical Thinking:** Ability to analyze data and make informed recommendations.
- **Communication:** Clear and effective verbal and written communication skills.
- **Team Collaboration:** Ability to work collaboratively with diverse teams.
- **Environmental Knowledge:** Familiarity with environmental policies, regulations, and issues.
