First Energy Internship Students Opportunities 2026

Description

Explore a dynamic and innovative energy sector with the First Energy Internship Students Opportunities Program in 2026. This internship offers students the chance to be part of a leading energy company, contribute to impactful projects, and gain hands-on experience in the diverse fields that power our communities.

Responsibilities

1. **Project Support:** Assist in various projects related to energy generation, distribution, and sustainability initiatives.
2. **Data Analysis:** Engage in data collection, analysis, and reporting to support decision-making processes.
3. **Collaboration:** Work closely with cross-functional teams to contribute to the success of energy-related initiatives.
4. **Innovation:** Bring fresh perspectives and ideas to advance energy efficiency and sustainability efforts.

Qualifications

- Currently enrolled as a full-time student in an accredited undergraduate or graduate program in engineering, environmental science, business, or a related field.
- Strong academic performance with a minimum GPA of 3.0.
- Passion for the energy industry and a commitment to sustainability.

Experience

- Previous coursework or internship experience related to energy, utilities, or environmental studies is advantageous.
- Familiarity with energy systems, renewable technologies, or business operations in the energy sector is a plus.

Skills

1. **Analytical Skills:** Strong analytical and problem-solving abilities.
2. **Communication:** Excellent written and verbal communication skills.
3. **Teamwork:** Ability to collaborate effectively in a diverse and dynamic work environment.
4. **Adaptability:** Flexibility to navigate various aspects of the energy industry.

Job Benefits

- **Hands-on Experience:** Gain practical experience in a leading energy company.
- **Learning Opportunities:** Access to training sessions and professional development opportunities.
- **Networking:** Connect with professionals in the energy sector and build a valuable network.
