

LLNL Internship Students Opportunities 2026

Description

Embark on a transformative internship experience with Lawrence Livermore National Laboratory (LLNL) in 2026. Join a world-class research institution and contribute to cutting-edge projects while gaining invaluable hands-on experience.

Responsibilities

- Collaborate with leading scientists and researchers on projects aligned with your field of study.
- Conduct experiments, data analysis, and contribute to research findings.
- Assist in the development and optimization of laboratory techniques.
- Participate in team meetings, workshops, and scientific discussions.
- Contribute to the preparation of research reports, papers, and presentations.
- Adhere to safety protocols and laboratory best practices.
- Engage in professional development opportunities and training sessions.

Qualifications

- Currently enrolled in an undergraduate or graduate program in a relevant scientific or technical field.
- Strong academic record with a minimum GPA of 3.5.
- Excellent communication and interpersonal skills.
- Detail-oriented with strong organizational abilities.
- Ability to work independently and collaboratively in a research team.
- U.S. citizenship or eligibility to work in the United States.

Experience

- Previous coursework or research experience in a scientific or technical field is preferred.
- Familiarity with laboratory techniques and equipment is advantageous.

Skills

- Technical skills: Proficiency in relevant scientific or technical tools and software.
- Communication skills: Clear and effective verbal and written communication.
- Teamwork: Collaborative mindset and ability to work well in interdisciplinary teams.
- Analytical skills: Ability to analyze data and draw meaningful conclusions.
- Adaptability: Willingness to learn and adapt to evolving research challenges.

Job Benefits

- Competitive internship stipend.
- Exposure to groundbreaking research and projects.
- Networking opportunities with leading scientists and professionals.
