Manchester Community College Summer Internship Graduates 2026

Description

Manchester Community College is thrilled to announce the Summer Internship Program for Graduates in 2026. This program offers recent graduates a unique opportunity to apply their academic knowledge in a practical setting, contributing to the college's mission of providing quality education and fostering student success.

Responsibilities

- Assist in the planning and execution of summer programs, workshops, and events.
- Support academic departments with curriculum development and implementation.
- Collaborate with college staff to enhance student services and engagement initiatives.
- Conduct research and analysis to contribute insights for ongoing projects.
- Provide administrative support for various college functions.

Qualifications

- Recent graduate with a bachelor's degree in a relevant field such as education, business administration, communication, or a related discipline.
- Strong academic performance during undergraduate studies.
- Excellent written and verbal communication skills.
- Strong organizational and time-management skills.
- Ability to work independently and collaboratively as part of a team.

Experience

While prior internship experience is beneficial, recent graduates with a passion for education and community college initiatives are encouraged to apply.

Skills

- Proficient in Microsoft Office Suite.
- Analytical and research skills.
- Strong interpersonal skills and a positive attitude.
- Detail-oriented and capable of multitasking.
- Adaptability and a willingness to learn.

Job Benefits

- Practical experience in a higher education setting.
- Networking opportunities with faculty and staff.
- Exposure to various aspects of community college operations.
- Mentorship and guidance from experienced professionals.
- Potential for career development within the college.
