National Grid Administration Summer 2026 Internship Program For College students

Description

National Grid plc offers a diverse range of internships that provide hands-on experience in various aspects of the energy sector. Whether you're interested in engineering, finance, environmental sustainability, or technology, we have an internship tailored to your interests.

Responsibilities

As an intern at National Grid plc, you won't be fetching coffee or making photocopies. Instead, you'll be an integral part of our team, working on meaningful projects that have a direct impact on the energy landscape. Expect responsibilities that challenge and inspire you, all while learning from industry experts.

Qualifications

Our internships are competitive, but they're also incredibly rewarding. To be eligible, you should be a student pursuing a degree in a related field. We value diversity and welcome applicants from all backgrounds.

Experience

National Grid plc internships are not just about learning; they're about doing. You'll gain practical experience that you can carry forward in your career. We believe in providing opportunities for growth and development that set you up for success in the energy industry.

Skills

During your internship, you'll have access to cutting-edge training and development programs. You'll sharpen your skills, both technical and soft, under the guidance of our experienced professionals. We're not just shaping the energy landscape; we're shaping future leaders.

Job Benefits

Interning with National Grid plc comes with a host of benefits. You'll receive a competitive stipend, mentorship from industry leaders, networking opportunities, and a chance to make a real difference in the world. Plus, you'll gain a deeper understanding of the energy sector, a vital industry that's constantly evolving.

Contacts
