National Weather Service Internship Students Opportunities 2026

Description

Embark on a meteorological journey with the National Weather Service (NWS) Internship Students Opportunities in 2026. This internship offers students the chance to contribute to weather forecasting, gain hands-on experience in meteorology, and develop skills essential for a successful career in atmospheric sciences.

Responsibilities

- **Forecasting Support:** Assist meteorologists in analyzing weather data, preparing forecasts, and issuing weather alerts.
- **Data Analysis:** Engage in data collection, analysis, and reporting to support weather research and forecasting activities.
- **Technology Utilization:** Work with weather-related technologies, including radar systems, satellite imagery, and computer models.
- **Collaboration:** Collaborate with NWS professionals and teams on projects critical to weather monitoring and prediction.

Qualifications

- Currently enrolled as a full-time student in an accredited undergraduate or graduate program.
- Pursuing a degree in meteorology, atmospheric sciences, environmental science, or a related field.
- Strong academic performance with a minimum GPA of 3.0.

Experience

- Previous coursework or internship experience in meteorology, climate science, or a relevant field is advantageous.
- Familiarity with weather observation techniques, data interpretation, or forecasting models is a plus.

Skills

- **Analytical Skills:** Strong analytical and critical thinking abilities.
- **Communication:** Excellent written and verbal communication skills.
- **Technology Proficiency:** Comfort with using weather-related technologies and computer applications.
- **Teamwork:** Ability to collaborate effectively with diverse teams in a weather service environment.

Job Benefits

- **Meteorological Exposure:** Contribute to weather monitoring and forecasting on a national scale.
- **Learning Opportunities:** Access to training sessions, workshops, and
