

NIST Internship Students Graduates Employment 2026

Description

Unlock your potential in the field of scientific research and innovation with the NIST Internship Students Graduates Employment Program for 2026. This internship provides a unique opportunity to contribute to cutting-edge research, collaborate with world-class scientists, and gain hands-on experience at the National Institute of Standards and Technology.

Responsibilities

- **Research Support:** Assist in ongoing scientific research projects within your designated field.
- **Data Analysis:** Analyze experimental data, conduct simulations, and contribute to research findings.
- **Laboratory Assistance:** Contribute to laboratory experiments, measurements, and equipment maintenance.
- **Documentation:** Prepare reports, technical documentation, and presentations summarizing research outcomes.
- **Learning and Development:** Engage in workshops, seminars, and training sessions to enhance technical skills and knowledge.

Qualifications

- Currently enrolled in an accredited graduate program or recently graduated.
- Pursuing a degree in Physics, Chemistry, Engineering, Computer Science, or a related field.
- Strong academic record and a passion for scientific research and innovation.
- Excellent communication and interpersonal skills.

Experience

- Previous coursework or research experience in a relevant scientific field is beneficial but not required.
- Familiarity with laboratory techniques, instrumentation, or data analysis tools is advantageous.

Skills

- Strong analytical and problem-solving skills.
- Proficiency in scientific computing, programming, or data analysis tools.
- Effective communication and presentation skills.
- Ability to work collaboratively in a research team.
- Eagerness to learn and adapt to new challenges.

Job Benefits

- Competitive stipend and compensation package.
