Portland General Electric Internship Students Program 2026

Description

Portland General Electric (PGE) is excited to announce internship opportunities for students aspiring to gain hands-on experience in the energy industry. Our Internship Students Program offers a unique chance to contribute to sustainable energy initiatives, work with industry professionals, and make a positive impact on the community.

Responsibilities

- **Project Support:** Assist in the planning, execution, and evaluation of various projects related to energy generation, distribution, and sustainability.
- **Data Analysis:** Analyze operational data to identify trends, assess performance, and provide insights for continuous improvement.
- **Technical Assistance:** Contribute to technical tasks related to power generation, renewable energy, and grid management.
- **Community Engagement:** Support outreach programs, events, and initiatives that promote energy efficiency and community involvement.
- **Collaboration:** Work closely with PGE staff across different departments to contribute to the success of ongoing projects.

Qualifications

- **Education:** Currently enrolled in an undergraduate or graduate program in a relevant field (e.g., Electrical Engineering, Environmental Science, Business).
- **GPA Requirement:** Minimum GPA of 3.0 on a 4.0 scale.
- **Communication Skills:** Strong written and verbal communication skills.
- **Team Player:** Ability to work collaboratively in a team-oriented environment.

Experience

While prior energy industry experience is not mandatory, any relevant coursework, projects, or extracurricular activities related to energy or sustainability will be considered a plus.

Skills

- **Analytical Skills:** Ability to analyze data and draw meaningful conclusions.
- **Technical Proficiency:** Familiarity with relevant software and tools related to energy and engineering.
- **Problem-Solving:** Strong problem-solving skills with a proactive approach.
- **Adaptability:** Ability to adapt to changing priorities and thrive in a dynamic energy environment.

Job Benefits

- **Industry Exposure:** Gain practical experience in the dynamic and evolving
