Raytheon Missiles and Defense Internship Employment 2026

Description

Raytheon Missiles and Defense is seeking dynamic and motivated individuals for our Internship Program in 2026. As an intern, you will have the opportunity to work on cutting-edge projects, collaborate with experienced professionals, and contribute to the development of innovative technologies in the defense industry. This internship provides a unique chance to gain hands-on experience and make a meaningful impact on our mission to create a safer world.

Responsibilities

1. **Collaboration:** Work closely with cross-functional teams to contribute to the development of missile and defense technologies.
2. **Project Support:** Assist in the execution of projects, from design and testing to analysis and documentation.
3. **Research and Development:** Engage in research activities to stay abreast of industry trends and contribute to the advancement of our technology portfolio.
4. **Problem Solving:** Analyze technical challenges, propose solutions, and participate in the resolution of complex engineering problems.
5. **Communication:** Effectively communicate findings and recommendations to team members and stakeholders.

Qualifications

- Currently enrolled in a relevant undergraduate or graduate program in engineering, computer science, physics, or a related field.
- Strong academic performance with a minimum GPA of 3.0.
- Excellent analytical and problem-solving skills.
- Strong communication and interpersonal skills.
- Ability to work collaboratively in a team environment.

Experience

- Previous internship or co-op experience in engineering or related fields is a plus.
- Familiarity with defense and aerospace technologies is advantageous.

Skills

1. **Technical Proficiency:** Demonstrated competence in engineering principles and relevant software tools.
2. **Adaptability:** Ability to quickly learn and apply new technologies and concepts.
3. **Teamwork:** Strong collaborative skills and the ability to work effectively in a team environment.
4. **Communication:** Clear and concise communication skills, both written and verbal.
