Stennis Space Center Summer Internship Employer 2026

Description

Embark on an exciting journey with the Stennis Space Center Summer Internship Program in 2026. Join us for a unique opportunity to contribute to cutting-edge space exploration projects, gain hands-on experience, and work alongside experts in the field. This internship program is designed to provide students with valuable insights into the aerospace industry and foster a passion for space exploration.

Responsibilities

1. **Project Support:** Contribute to ongoing projects related to space exploration, propulsion systems, and aerospace research.
2. **Research and Development:** Engage in research activities, data analysis, and experimentation to support project objectives.
3. **Collaboration:** Work closely with multidisciplinary teams to achieve mission goals and milestones.
4. **Innovation:** Bring fresh perspectives and creative solutions to advance space-related initiatives.

Qualifications

- Currently enrolled as a full-time student in an accredited undergraduate or graduate program.
- U.S. citizenship is required.
- Pursuing a degree in aerospace engineering, mechanical engineering, physics, or a related field.

Experience

- Previous coursework or projects related to aerospace, propulsion, or space science is advantageous.
- Familiarity with space exploration technologies and research methodologies is a plus.

Skills

1. **Analytical Skills:** Strong analytical and problem-solving abilities.
2. **Communication:** Excellent written and verbal communication skills.
3. **Teamwork:** Ability to collaborate effectively in a multidisciplinary and research-oriented environment.
4. **Adaptability:** Flexibility to navigate various aspects of space exploration projects.

Job Benefits

- **Space Exploration Exposure:** Gain firsthand experience in a NASA facility dedicated to advancing space exploration.
- **Learning Opportunities:** Access to training sessions, seminars, and
